DETAILED ACTION

The following is a response to the amendment received on January 4, 2006 which has been entered.

Response to Amendment

Claims 2-6 are pending in the application. Claim 1 has been cancelled.

-The objection to the abstract has been withdrawn due to applicant submitting a new abstract.

-The objection to claim 1 has been withdrawn due to applicant canceling this claim.

-The 103(a) rejection to claim 1 has been withdrawn due to applicant canceling this claim.

Allowable Subject Matter

Claims 2-6 are allowed. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or render obvious a motivation to provide for:

-(as to claim 2) a shift actuator having a neutral operation member and a neutral limitation member wherein, in a second position, the limitation member brings the operation member to a neutral position and limits its operation and in combination with all the remaining limitations of claim 2.

-(as to claim 3) a shift actuator having a neutral operation member with a cam and a neutral limitation member with a hole having cam operation surfaces wherein, in a second position, the cam operation surfaces brings the cam to a

neutral position and limits its operation and in combination with all the remaining limitations of claim 3.

-(as to claim 4) a shift actuator having a neutral operation member with a roller support member and a neutral limitation member with a hole having roller operation surfaces wherein, in a second position, the roller operation surfaces brings the roller to a neutral position and limits its operation and in combination with all the remaining limitations of claim 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
